ANNE MAGDALENE HELLES BORGEN

Event producer / Community builder / Systems thinker

I founded and lead a pop-up concert concept, coordinate festivals and events, and work with how organisations are built. I'm looking for an internship in culture, events or regenerative organisations.

MAIN PROJECT · FOUNDER & CHAIR · SINCE MAY 2025

AMPLIFY LIVE

Unique pop-up stages for grassroots artists, with a professional live session to take with them.

Amplify Live is a non-profit association in Aarhus that gives emerging artists an intimate stage, professional live video and a way into the music industry. It runs entirely on foundation grants.

3 live sessions **9** crew members, plus extra hands

2025 founded in Aarhus

WHAT ARTISTS GET	An intimate stage	Professional live video
	Trying out unique pop-up stages for a curious audience, perhaps for the first time.	A live session from their concert that they can use in future applications.

WHAT I'VE LEARNED

I started the project in May 2025 and lead it today. Building it has taught me how the music industry works from the inside, what it takes to keep a volunteer-driven community going, and **not least, how to start a concept from scratch**.

FOUNDING & GOVERNANCE
Registering the association, setting up banking and admin, and keeping it running.

FUNDRAISING
Writing foundation applications and managing the budgets, our only income.

ARTIST RELATIONS
Reaching out, coordinating together, helping with requests, and being the contact from first message to soundcheck.

TEAM LEADERSHIP
Bringing the crew together and sharing out the roles behind each concert.

PRODUCTION & VENUE DESIGN
Finding the stage, shaping the room and the look, and planning the run of show.

VIDEO & COMMUNICATION
Planning the live sessions and writing bilingual posts in a shared tone of voice.

PARTNERSHIPS
Building collaborations, e.g. an upcycled merch workshop with Pop Up Lop, using the audience's unworn clothes.

LAW & PERMITS
Getting to grips with the rules for events, venues and a grant-funded association.

PROJECTS & SIDEQUESTS

PROGRAMME LEAD

UNG KULT CAMP 2026

PROJECT — 8 MONTHS

I was responsible for part of the youth programme at Kulturmødet, the national culture festival on Mors. I found and hired the acts, handled their contracts and needs, built the physical festival space and ran the schedule and stages during the festival.

RESEARCH PLACEMENT

PERMAKULTUR DANMARK

PROJECT — 4 MONTHS

I studied permaculture and worked out how its principles translate into leadership, so organisations can be built with a regenerative mindset instead of an extractive one.

INTERNSHIP

GIRLS GOT GAME

PROJECT — 3 MONTHS

I built an organising tool in Notion that gives members and owners one digital platform for the community, and helped sharpen the project's vision, mission and goals.

SYSTEMIC PROJECT

RIZOMA

PROJECT — 3 MONTHS

I mapped the internal systems of an association and looked at how the stories people tell inside it shape the way they work together.

SIDEQUESTS

Smaller roles and side projects alongside school.

FREELANCE

UGC CREATOR

SIDEQUEST — 1.5 YEARS

I pitch brands, agree on style and tone of voice, then script, film and edit short-form video, backed by trend and market research.

VOLUNTEER

RAMPEN EBELTOFT

SIDEQUEST — 1 YEAR

Events and funding at a youth culture house. I booked and hosted the artists at Blue Ocean Music Festival 2024.

STARTUP

UX INTERN, PLATA

SIDEQUEST — 1 YEAR

I coordinated designs and worked with user flows in a small startup team.

COURSE

KULTURLOFT

SIDEQUEST — 4 MONTHS

I learned to plan, build and run a concert, ending with a show with Brimheim.

KAOSPILOT ADMISSIONS

INTERVIEWER

SIDEQUEST — 3-DAY WORKSHOP

I interviewed applicants at a three-day admissions workshop, assessing six competencies from leadership to resilience.

KAOSPILOT, 2024–27

Enterprising leadership, learned through real projects with real clients.

S1	**Project management & teamwork**
S2	**Enterprising** · building our own concept, leading through agency
S3	**Outpost** · leadership abroad, in Lisbon for me
S4	**Placement** · Permakultur Danmark
S5	**Systemic work** · root causes in connected systems

OTHER ROLES AND SCHOOL

2023–24	**Kitchen manager, Huset Frost** Ran the kitchen and café
2021–23	**Shop assistant, Emmerys Copenhagen** Bakery and café
2020–21	**Olivers Garage** Café
2020–23	**Niels Brock** Business high school, UX design
2019–20	**Klejtrup Musikefterskole** Music boarding school

S6

Internship & Pilot Project · from Feb 2027

This is the semester still missing a project. Could it be yours?

ABOUT ME

I'm 22, half Estonian and half Danish, and I've lived in four countries: Morocco, Italy, Estonia and Denmark. I've always loved learning something new, and I'm quick at it.

COMMUNITY IS THE INFRASTRUCTURE

People stay for the people. So I design for belonging first and build the programme around it.

LEARNED AT EFTERSKOLE AND RAMPEN

LOOK BEHIND THE SURFACE

Problems usually sit in the structure: the flows, the money, the stories an organisation tells itself.

LEARNED THROUGH UX AND SYSTEMIC WORK

LEAD FROM THE FLOOR

Running a kitchen taught me to stay calm under pressure, own mistakes and lead by doing the work too.

LEARNED IN CAFÉS AND AS KITCHEN MANAGER

LEARN BY DOING

I learn fastest with real stakes, so I take on responsibility early and reflect as I go.

LEARNED AT KAOSPILOT

AVAILABLE FROM 1 FEBRUARY 2027

LET'S TALK ABOUT YOUR NEXT PROJECT.

Based in Aarhus and open to Copenhagen or abroad. I'll reply quickly.
